Our 10th Anniversary

We can’t believe it’s been 10 years already!

We’ve met so many wonderful people along the way and have many memories of those who have hunted with us, including ~

- the couple who live in Colorado and have a goal to hunt in every state in the lower 48, and stopped here on their way to Georgia and Florida
- the folks who contact us from as far away as Alaska, Oklahoma, California, and Arizona and have come here to hunt
- the families who hunt with us every year on a certain date and have created a tradition
- the United States Servicemen who’ve returned to the U.S. after active duty in the Middle East
- introducing the youth, both boys and girls, to the sport of game-bird hunting and hunting over a dog
- the many repeat customers and regulars who have become life-long friends

- and, the opportunities to hunt and film with:
  - WTVN NewsChannel 5’s Sportscaster, Hope Hines
  - “Young Guns Outdoors” with Tommy & Mark Hudson on the Pursuit Channel
  - “Southern Woods & Waters” with Hugh McNaughten, Comcast Channel 50
  - Progressive Farmer magazine, Oct. 2011, discussing hunting preserves as an alternative use for farmland

We are blessed and hope to continue for another 10 years and beyond. We thank each and every person who has hunted with us and the opportunity to pursue our dream and continue keeping upland game-bird hunting alive in Tennessee. ~ Tommy
